

Tongass School of Arts and Sciences

A Public School Built From the Child Up.

**ENROLLING
KINDERGARTEN
THROUGH
SIXTH GRADE STUDENTS
FOR FALL 2006,
BEGINNING MARCH 1ST**

Experienced Teachers & Proven Methods

Our knowledgeable teachers and committed parents build on a belief that kids love to learn. We use Integrated Thematic Instruction (ITI) to connect subject areas and emphasize arts and sciences for effective learning. Instruction builds on each child's strengths and interests and provides many individual learning opportunities.

Hands-on/Minds-on Learning

Teachers work as teams in multi-age classes. Using project-based instruction, they use a variety of methods to achieve State Standards. Through hands-on activities and self-reflection, we turn minds on to the thrill of discovery and the joy of learning.

Collaboration is built in

Parents, students, teachers, support staff and the principal all work together, guided by the school's goals.

In addition we offer:

- Full Day Kindergarten
- Breakfast Club
- Spanish Language Instruction
- Hands-on Science
- Drama
- Chorus and Band
- Art Teacher
- School Counselor

For more information, call 225-5720 to arrange for a visit; go to our web site: www.tongassschool.org or stop by the school located at 410 Schoenbar Road, Suite 202.
